PRIVACY ACT STATEMENT

General-This information is provided pursuant to Public Law 93.579 (Privacy Act of 1974), December 31, 1974, for individuals completing Federal nomination for training forms.

Authority-The Government Employees Training Act of 1958 (U.S. Code, Title 5, sections 4101 to 4118).

Purposes and Uses -The information on this form is used in the administration of the Federal Training Program. The purpose of this form is to document the nomination of trainees and completion of training; and it serves as the principal repository of personal, fiscal and administrative information about trainees and the programs in which they participate. The form becomes a part of the permanent employment record of participants in training programs and is included in the Government's Central Personnel Data File.

Effects of Nondisclosure-Personal information provided on this form is given on a voluntary basis, as is participation in any training program. Failure to provide this information, however, may result ineligibility for participation in training programs.

Information Regarding Disclosure of Your Social Security Number Under Public Law 93-579, Section 7(b)-Disclosure by you of your Social Security Number (SSN) is mandatory to obtain the training you are seeking. Solicitation of the SSN by the Office of Personnel Management is authorized under provisions of Executive Order 9397, dated November 22, 1943. The SSN is used as an identifier to match the person completing the training with the correct master record in the Central Personnel Data File (CPDF). It will be used primarily to give you recognition for completing the training and to accumulate governmentwide training statistical information. The information gathered through the use of the number will be used only as necessary in training administration processes carried out in accordance with established regulations. The SSN also will be used for the selection of persons to be included in statistical studies of training management matters. The use of the SSN is made necessary because of the large number of present Federal employees who have identical names and birth dates, and whose identities can only be distinguished by the SSN.
